

READY... is the first moment of the of the cycle entitled *Joga o Jogo* (Play the Game). It is the moment when the cards are dealt and the rules of the game(s) that will be played are defined. Questions arise on the meaning and the history of the game. Can artistic objects be expressions of fun? Does the game democratize art? It is possible to group the works from the Collection Caixa Geral de Depósitos along the rooms of the former Sintra Casino, now MU.SA — Museu das Artes de Sintra, by affinity or sympathy, thus creating the premise for their enjoyment: *Wordplay*; *Game Changer*; *Shadow Play*; *Mind Game*; *Out of Play*; *Fair Play*; *Game of Chance*; and *Power Play*. This last room reveals a monumental work by Pedro Cabrita Reis that belongs to the Municipal Art Collection. Photographs, which belong to Sintra’s Municipal Archive, revealing the history of this iconic space, will also be presented. By collaborating with a group of non-binary youths, artist Pauliana Valente Pimentel created a series of photographs entitled *New Age Kids*. The project aims to promote the youths’ prominence via a series of approved portraits. The exhibition further extends to the Municipal Library of Sintra to make available to the public books about Fernanda Fragateiro’s work.

The chips are down.

Joga o Jogo takes into account the architectural conditions of the spaces and the historical, social, political, and cultural conditions of the communities involved. *STEADY...*, its second moment, takes place at the Forum Arte Braga, between September and December 2025. The Cycle ends with *GO!* at the Centro de Artes de Águeda, between January and April 2026.
